ANGSUMAN DAS

PhD Scholar in Zoology | Bioinformatics & Biological Data Analysis

Rangachakua, Sonitpur, Assam, 784182
angsudas62@gmail.com | +91 7896505109
Portfolio: angsumi.online/cv | Agency: www.angsumi.online

PROFILE

Zoologist and CSIR-NET JRF awardee (AIR 180), currently pursuing a PhD at Mizoram University with a research focus on bioinformatics. Proficient in Python programming and biological data analysis, with earlier experience in river ecology, macroinvertebrate diversity and Tocklai research. Grew up close to Nameri National Park and is interested in bringing computational skills into wildlife and ecological research in Assam.

EDUCATION & ACADEMIC MILESTONES

PhD in Zoology - ongoing
Mizoram University | Research focus: Bioinformatics

MSc in Zoology
Rajiv Gandhi University, Itanagar, Arunachal Pradesh | 68.9%; CGPA: 7.29

BSc (Honours in Zoology)
Darrang College, Gauhati University, Tezpur, Assam | 79%; CGPA: 7.9

Higher Secondary - Tyagbir Hem Baruah College, AHSEC | 82.5%
Secondary - Rangachakua HS School, SEBA | 74.87%

Additional academic milestone: Selected for PhD admission at Padova University under the supervision of Giorgio Valle.

RELEVANT RESEARCH & FIELD EXPERIENCE

River ecology and macroinvertebrate diversity - BSc research
Collected water samples along the source, course and mouth of the Bohimora River in Sonitpur, Assam. Conducted zoological surveys and habitat assessments, including the river mouth at its confluence with the Bhoroli. Studied physicochemical water characteristics and macroinvertebrate diversity.

Tea Research Association, Tocklai - research exposure
Associated with the project on isolation, identification and synthesis of pheromones of the major tea looper pest, *Hyposidra talaca* Walker, for a pheromone-based management strategy (August 2021).

Silkworm research - MSc project, Rajiv Gandhi University
Worked in a three-member team reviewing wild and domesticated silkworms, with emphasis on Northeast India and wild species related to Muga. The project included two months of field visits and surveys.

TECHNICAL SKILLS

Programming and analysis: Python, Pandas, Matplotlib; R and tidyverse.
Bioinformatics: Metagenomics, shotgun sequencing analysis, transcriptomics, QIIME2, HISAT2 and cutadapt.
Research data: Dataset organization, analysis and visualization, including bar plots and rarefaction curves.

PROFESSIONAL EXPERIENCE

Assistant Professor (Tutor) - Tyagbir Hem Baruah College / Gauhati University, Jamugurihat, Assam
Conducted lectures, guided students and contributed to academic initiatives.

Research Trainee - RASA Life Sciences, Pune, Maharashtra | March-October 2021
Participated in research activities and data analysis in collaboration with a multidisciplinary team.

ANGSUMI - agency and academic data consultancy
Runs ANGSUMI and assists PhD scholars with metagenomics data analysis and visualization. Website: www.angsumi.online.

QUALIFICATIONS & CERTIFICATIONS

CSIR-NET JRF - AIR 180 | NE SLET | IELTS - overall band 7/9
Genetic Counseling Certification
Genomic Data Science Specialization - Johns Hopkins University, Coursera (six months)
Cloud Computing Basics - Coursera
Epidemiology: The Basic Science of Public Health - University of North Carolina at Chapel Hill
Bacterial Genome: Accessing and Analysing Microbial Genome Data - FutureLearn

PUBLICATIONS & RESEARCH ARTICLES

LANGUAGES

Assamese - mother tongue; English - IELTS overall band 7; Nepali, Hindi and Bangla - able to communicate.

AVAILABILITY FOR THE ASSAM RESEARCH ASSISTANT POSITION

Available November 2026-April 2027. Currently working from home, with permission from the PhD research guide to apply for this position.
